Laundry Room Updates

THANK YOU for your patience as we work to update our onsite laundries! We still have some details to take care of, but major work that required temporary closures has been completed. We plan to have a “Grand Opening” once all work has been completed...Stay tuned!

We are pleased to be able to offer a pleasant (as possible ☺) experience. Occasionally, difficulties happen, but some common problems are easily prevented:

- Please clean up after yourself & don’t leave a mess for the next person. Clean lint screens, remove dryer sheets and dispose of all trash in proper receptacles.
- Don’t over load. It may seem more economical to get as many items as possible into one load, but an overloaded machine doesn’t work as well. You will find your clothes get cleaner and/or dryer in one cycle, if the machine is not over filled.
- Check the settings on your machine before depositing your coins, especially the dryer. The gentle/delicate cycle dries at lower temperatures, which may not be appropriate for all fabrics
- Please remove your clothing from machines as soon as the wash or dry cycle is complete. Most cycles are approximately 30-45 minutes.
- Ensure the door is closed behind you when you leave. Our laundry facilities are for resident use and convenience.

As always, please feel free to contact the office 541-747-6124 with any questions or concerns.

Please Don't Feed the Animals

Areas of our property have become home to stray animals, especially cats. While it seems like providing food, water or shelter for these little sweeties is the "right" thing to do, we ask that you refrain, for many reasons:

- Strays will become dependent on you for their food source and will stop looking for others. This could cause more harm than good...will you ALWAYS be able to meet this need?
- Unfortunately, what goes in must come out. This means that your front or back yard (or your neighbors') is a handy litter box.
- Although we don't allow pets, several people have a legal exemption to this policy. Stray animals could pose a hazard to animals or children living here.
- Leaving out food can encourage unintended visitors, which could also pose a danger (rodents, wild animals, etc.)

We do appreciate your kind intentions. If you are inclined to provide help and comfort for a stray animal, we encourage you to contact one of the many "no kill" shelters in our area for guidance.

Thank you for your cooperation.

Do we have your current information?

From time to time, changes happen; new phone numbers, new cars, renters' insurance renewals. Please make sure that the office has your most to date information, including e-mail.

Call us at **541-747-6124** or e-mail
